

JAN 8 1957

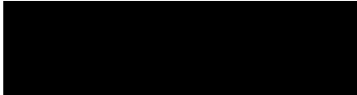

MEMORANDUM FOR: SSA/DD/S

SUBJECT : Policy Regarding the Application of Annual Leave  
When Travel is Conducted by Privately-Owned  
Automobile Not to Exceed Cost by Common Carrier

REFERENCE : Your memorandum of 2 January 1957

1. The reference memorandum and attachments which are returned herewith have been carefully considered and discussed with the Chief, Far East Division.

2. We conclude that it would be reasonable and consistent with the OGC opinion to establish that when travel is authorized by POA not to exceed the cost by common carrier, the time in excess of direct first class rail travel time will be charged to the employee's annual leave.
